

Internship Application

Dear Perspective Intern,

Thank you for your interest in completing an internship with HALO, Inc.! We think your experience will be both satisfying and rewarding.

Every intern will spend his/her first week at the intake desk where you will get to know the shelter and each unique program in it. During this time you will complete several intakes in which you will learn about the struggles that cause someone to seek emergency public shelter. In the weeks that follow, you will be placed in an area of your interest and work directly with HALO Case Managers or Site Coordinators.

Please take time to read our mission, our vision, and our values statements. Also note that this is the Internship Application, if you are interested in becoming a VOLUNTEER and NOT an Intern, please fill out the **Volunteer Application**. Thank you again for your interest in HALO, Inc. We hope to hear from you soon!

AREAS OF INTEREST (CHECK AS MANY THAT APPLY)

Emergency Shelter Operations – HALO’s Emergency Shelter team runs the day-to-day operations at the shelter, including intakes and discharges, welcoming new participants, feeding and clothing, monitoring participants, and accepting donations.

Single Men/Women’s Case Management –Participants who enter the shelter with no dependent children are placed in our Single Men’s or Single Women’s Program. They are seen by their case manager within 3 days of their intake to shelter to create an Individual Success Plan. The participants set goals with their case manager and monitor progress toward those goals. Participants are referred to social services throughout Racine County by their case manager. The Case Managers rely heavily on communication and collaboration with other local social service agencies especially Workforce Development Center.

Transitional Housing Program (THP) – THP helps individuals transition from homelessness to housing stability with the support of case management services for up to 2 years. THP case managers conduct Individual Service Plans and House Inspections, budget monthly with all clients, and provide one-on-one support for their clients. THP has an AODA/Life Skills component that is offered to all THP participants. The program objective is to increase skills and increase income in order to achieve self-sufficiency.

Family Program – The Family Program encompasses many different projects all having to do with parents and children. All incoming participants with dependent children are placed in the Family Program where parenting skills improvement is a must! The Family Program case manager sets monthly parenting goals with each mother or father and checks in frequently to monitor progress. Clients who have children are given goals toward employment and education (for their children and themselves). During the school year an afterschool program is offered Monday –Thursday where HALO’s Tutoring Program helps with homework, educational games, and various other academic activities with the children of HALO. During the summer, there is an enrichment program that combines learning and fun, offering a unique field trip at least once a week. This program is open to the general public as well.
